## About Myself
I am 35 years old, I am the owner of a pizzeria. In 2019, during the
lockdown period, my family was in financial problems. Then I realized
that I needed an alternative profession. That's why I'm here. My goal is
to gain knowledge in front-end development, and to be able to work
remotely.
## Skills
* HTML
* VSCode
## Code
```
function multiply(a, b){
 return a * b
}
```
